PROFESSIONAL SUMMARY

Business and strategy analyst completing an M.S. in Project Management at Northeastern, with a Business Analysis concentration. Skilled in stakeholder reporting, process improvement, and design governance on AI product teams.

EDUCATION

Master of Science, Project Management
Northeastern University

Dec 2026
Boston, MA

- Relevant Coursework: Foundations of Project Management, Schedule, and Cost Mgt., Project Risk Management, Project Finance, Project Quality Management, Foundations of Project Business Analysis, Product Requirements Design and Ownership, Quant. and Qual. Methods for Bus. Analysis, Advanced Seminar in Business Analysis

EXPERIENCE

AI Project Manager (Co-op)
Aosenuma.ai

Jan 2026 – Jun 2026

- Coordinated daily standups and sprint tracking for a cross-functional team of 18+ engineers, designers, and PMs, across six AI products over a six-month co-op, ensuring alignment on priorities, blockers, and delivery timelines.
- Designed and validated UI/UX prototypes for multiple AI initiatives, including Stake AI and a WhatsApp Summary Bot, using Stitch (Google), Claude Design, and Cursor. Developed experimental prototypes to evaluate and refine Design.md standards and UI/UX guidelines.
- Accelerated product delivery by translating requirements into development-ready specifications and moving features from planning to implementation within the same sprint cycle.
- Conducted compliance and design quality audits across AI product prototypes, created detailed scorecards, identified improvement opportunities, and presented executive-level summaries to leadership.
- Partnered with senior leadership to implement a tokenized design system spanning Notion, GitHub, Figma, and production code, establishing a single source of truth for design consistency across active products.

Athletics Facilities Staff

Dec 2025 - Present

Northeastern University Athletics | Boston, MA

Supported game-day operations for varsity events.

Coordinated event setup, crowd flow, and operational support.

Assisted daily facility operations and customer service.

RSO Proctor

Dec 2025 - Present

Northeastern University | Boston, MA

Monitored residence hall access and verified entry.

Assisted check-ins, visitor management, and front-desk operations.

Supported housing policies and incident reporting.

Core Competencies: Business Analysis, Requirements Gathering (BRDs), Stakeholder Management, Process Improvement, Strategic Planning, Gap Analysis, Root Cause Analysis, Process Mapping, Workflow Design, UAT, Dashboard Development, Data Analysis

Methodologies: SDLC, Change Control, Sprint Planning, Waterfall, RACI, OKRs, KPIs

Tools/Platforms: MS Excel, MS Project, Primavera, Notion, Figma, MS PowerPoint, Claude Design, Stitch

PROJECTS

UI/UX Guidelines & Design System (design.md) Jan 2026 – Jun 2026

Notion, GitHub, CSS/Tokens (aosenuma.tokens.json)

- Five active AI products used conflicting style guides. Defined requirements for one tokenized design system, synchronized across Notion, GitHub, and code.
- Ran compliance reviews across product prototypes, conducting gap analyses; closed a 7-point compliance gap (85% to 92%).

LEADERSHIP & ATHLETICS

Northeastern Club Running (NUCR) — Sprinter, Track & Field Sept 2024 - Present

Northeastern University Athletics *Boston, MA*

- Compete in sprint and relay events at regional, state, and national NIRCA (club collegiate running) meets. Ranked among the Top 20 athletes in NIRCA for sprinting and relay performance. Competed in sprint events in India before grad school.
-
